

Weekly Distance Learning
Tri-Tech Skills Center

Week	April 20-24 2020
Program	Welding
Teacher	Cutts
Office Hours	11:00-1:00
What Delivery Method(s) you are using?	power school communications, group text, office email, phone, Instagram, FaceBook, Messenger, Miller Open Book, Zoom meetings
How are you Communicating with families?	same as above except Zoom
How are you Monitoring Students? Ie spreadsheet, roster, etc. The work is not graded.	AWS SENSE online. Reset tests for sense onlinestudents send me pictures of welding/ fabrication projects that they are working on or have completed. Sent out missing assignments over email to be turned in for full credit. Miller Open Book course work .NC3
Learning Goals & Expectations for the week	Working with several industry entities that are offering free content to keep welding students engaged. CTE Coalition. Online resources developed. Industry connections. Participating in a welding educator’s resource group that meets on ZOOM weekly. Students who had missing work prior to March 16 will complete the work and turn back in. Continue to encourage students to weld and send me the pictures if they have the ability at home. I have had only 1 student do make up work to raise his grade. I will reach out to parents directly.
