

**Weekly Distance Learning**  
**Tri-Tech Skills Center**

<b>Week</b>	May 18– May 22 2020
<b>Program</b>	Welding
<b>Teacher</b>	Cutts
<b>Office Hours</b>	11:30-1:00
<b>What Delivery Method(s) you are using?</b>	power school communications, group text, office email, phone, Instagram, FaceBook, Messenger, Zoom and GoTo meetings. Canvas
<b>How are you Communicating with families?</b>	same as above except Zoom
<b>How are you Monitoring Students? Ie spreadsheet, roster, etc. The work is not graded.</b>	AWS SENSE online. Reset tests for sense onlinestudents send me pictures of welding/ fabrication projects that they are working on or have completed. Sent out missing assignments over email to be turned in for full credit. Students send me their home welding projects.
<b>Learning Goals &amp; Expectations for the week</b>	Working with several industry entities that are offering free content to keep welding students engaged. Online resources developed (Wix). Industry connections (Larry Jeffus). Participating in Weld_ED, a welding educator’s resource group that meets on ZOOM weekly. Students who had missing work prior to March 16 will complete the work and turn back in. Continue to encourage students to weld and send me the pictures if they have the ability at home. Developed Remote Learning Projects for students to use for “enrichment”. WWIA (WA Weld Instructors Ass) uses Canvas to share assignments and resources with students and other WA instructors/Teachers.
